Application for Certification
For the FPL Energy Sacramento
Power, LLC Rio Linda/Elverta
Power Project (Rio Linda)

DOCKET NO. 01-AFC-1

**APPLICANT'S STATUS REPORT,
NUMBER 10**

The Rio Linda/Elverta Power Project Committee's September 18, 2001 **Committee Order Suspending Scheduling** directed the parties to continue to file monthly status reports until the Committee directs otherwise. The following is the Applicant's progress to date since the filing of Applicant's Status Report Number 9.

Preliminary Determination of Compliance

The Applicant, FPLE, continues to discuss with the EPA the use of reductions in agricultural burning to create emission reduction credits that would be used to offset plant emissions. Progress was made this month with the EPA in these discussions. The EPA presented the concept of using the Rio Linda project as a pilot project, which may result in the current emission reduction credits from agricultural burning being used for the life of the project.

Respectfully submitted,

Dated: April 27, 2002
